Control Systems for Industry

8638 Twinbrook Unit#1, Mentor, OH 44060
Ph: (440) 413-5053 Fax: (440) 299-0001

We are a systems integrator using proven control technologies and the best hardware and software solutions for your plant.

We have successfully implemented control systems for diverse applications in industries ranging from power plants to machine shops across the country.

We will work with you to design a control system that meets your budget, production goals, and timeline.

Our systems include:

- PLC based control systems
- Drives and drive systems
- CNC based control systems
- SCADA / data acquisition systems
- Operator interface displays

We also offer services such as:

- Training
- Panel shop
- Electrical drawings
- Startup & Commissioning
- Application assistance
- Process Simulation
- PID tuning

PLCs, CNCs & HMIs

- Allen-Bradley
- Siemens
- GE Fanuc
- Modicon
- Mitsubishi
- Automation Direct

AC & DC Drives

- Allen-Bradley
- Siemens
- Reliance Electric
- Safronics
- Yaskawa
